

## TEAM PARTY HELPFUL HINTS

**How Many:** Know the total number of people – adults and children - that will be attending.

**Date of Party:** Once you know what day you want to have your party, please call and book your party. We do have days when we are sold out. Everyone wants to have the party right after the last game.

Have a back up date in case we are sold out.

**Time of Party:** Once you schedule a time, please stick to that. On our busy weekends, changing time may not be possible.

### Methods of Team Payment

Decide early in your season how you are going to pay for any team parties. There are three way

1. Everyone pays for their own family.
2. The team pays for the kids pizza, the adults pay for their own food.
3. The team pays for everyone.

If your team is using payment method 2 or 3, and plan on ordering pizza or our pasta trays, we suggest you call in the order a day or two in advance. If everyone is paying for their own food, we DO NOT recommend calling ahead to pre-order. There is simply no room to store all that food.

**Cake:** You may bring a team cake and you can come in early and decorate. Let us know if you want to come in early to decorate for your party.

We ask that your party last no more than 2 hours. There are days when we have parties from open to close, and we want everyone to have a good time but not occupy table for hours on end. The latest you can schedule a party to begin is one hour before we close.

**Video Games:** We have video games for the kids. There is no change machine but we keep plenty of quarters on hand. If you need quarters, purchase them when you place your order. Quarters must be paid for in cash or if you need to “charge it” for quarters, we can only sell you in \$10 amounts and we must add a \$.25 cent fee to cover the credit card fees we have to pay.

**Running Children:** Please keep your children inline and do not allow them to run up and down the aisle.
